Hi Kelly and Robert,

We are scheduled to discuss mitigation on 3/20 with the larger 404(g) workgroup. I'll be scheduling a chat for us to catch Kelly up on issues we've discussed regarding mitigation. Kelly, attached is the analytic blueprint that summarizes some of the issues that Bob, Rosemary and I identified for potential inclusion in the rulemaking.

In case you aren't aware, there is an upcoming rulemaking on mitigation coming out of Headquarters that is still in the early phases of development. I work on that team and hope that we can work cooperatively to eliminate some issues regarding mitigation and assumption in both places.

Keep an eye out for a calendar invite. Let me know if you have any questions.

B
